Notes and Reminders:

- Please note the schedule change for Monday, January 13 that was announced in the Lusher Letter and via email last week. Note the changes to Lagniappe and the After Care Schedule due to the game and traffic.
- We've had a few reported cases of lice in second grade. Please check your child's hair and treat if necessary before returning to school.
- Be on the lookout for a Save the Date and Invitation for an Authors'/Publishers' Party as we celebrate the completion and publishing of our Bug Books!
- Don't forget to send a healthy snack each day. Our "oops I forgot" stash is running very low.
